

GENERAL INFORMATION ABOUT OUR WEBINARS

At various times throughout the year we will present one-hour webinars (online seminars) for professionals in the health and human services and for the general public.

NECESSARY EQUIPMENT

Equipment needed for participation in these webinars are a computer, with cable modem access to the Internet, and a phone.

REGISTRATION

Registration for these programs takes place online. Information on how to register is provided with notices and descriptions of each program. Once we are notified of your registration, we will send you a toll-free number to call and a web address for logging on to the website. To make sure that all registrants get this information prior to the start of the program, registration will be closed by 12 noon on the day of the webinar. Those interested in participating but unwilling to register online, may contact us at info@healthcp.org.

PROGRAM FEES

With the goal of making these webinars affordable, we are currently charging \$29 for our Continuing Professional Education webinars and \$10 for webinars for the general public. Fees for webinars by guest presenters may be more than quoted here and prices may change without notice.

REFUND POLICY

No refunds will be issued when requested within 48 hours of the webinar. Refunds requested before that will be honored, less a 10% administrative fee.

CURRENT PROGRAM TOPICS

Note: Over time, we will be expanding on the number of topics covered. Please let us know if there is a particular topic you would like to see covered.

WEBINARS FOR PROFESSIONALS

- Building Cultural Competency
